Sample label. Please see
package insert for complete
prescribing information.

Each mL contains: 1 mg of cladribine and 9 mg of sodium chloride. Phosphoric acid and/or dibasic sodium phosphate may have been added to adjust the pH. pH is approximately 6.3.

Directions for use: Not for direct infusion. For the preparation of intravenous solutions and usual dosage, see package insert.

For intravenous infusion.

REFRIGERATE AT: 2° to 8°C (36° to 46°F). Protect from light (keep in outer carton until time of use).

Discard unused portion.

The container closure is not made with natural rubber latex.
